

ALOR[®]

CUFF & BRACELET SIZER

Check the scale of this bracelet chart.

Check your printer settings and ensure the scaling is set to **100%** or **none**. Print & measure the above bar. It should be exactly 1 inch. If the bar is more or less than 1 inch, please check your printer settings and reprint the page.

Directions

1. Cut out the ruler on the left side of the page.
2. Wrap the ruler around your wrist at the place that you would like your bracelet to fit.
3. Once you have taken your measurement, find the corresponding wrist size on the below charts. Be careful to select the correct bracelet type; clasped bracelet, slideover bracelet or cuff bracelet.
4. If you are in between sizes, we generally recommend that you choose the larger size.

WOMEN'S BRACELET SIZE CHART
